

Fabulae Dramatis The Water Creature

Short story based on the song:
“Smoke For The Clouds
(Ahuirán’s Water)” from the
album “Solar Time’s Fables”.

Every teardrop, every fountain, all the beasts emerge from rain.

The water creature resides inside of a drop of water where she apparently lives a pleasant life...

Until the storm approaches and agitates the calm of her realm.

Then she dares to escape and break free.
